

My Heart Belongs To You

Shivaree

You said you loved me
Oh, how you lied
And when I found out
I nearly died
But baby, here is what I say
My heart belongs to you

You baited me
By saying sweet things
And since you've got me
Nothing's the same
But darling, all that I can say is
My heart belongs to you

Oh, well I did things
Because I loved you
And to no other
Could I be true
Because as long as I am living
My heart belongs to you

You said you loved me
And how you lied
And when I found out
I nearly died
But baby, here is what I say
My heart belongs to you

Oh, well I took things
Because I loved you
And to no other could I be true
Because as long as I am living
My heart belongs to you
