

# Liquid Prayer

Michelle Shocked

Drowning in this liquid prayer  
Lord, I'm down here in this vale of tears  
A slippery slope  
Crying to cope  
Hope against hope  
That I can hold on

Jesus wept, my God was crying  
Who kept the faith when He was dying?  
Call Him, my friend  
You can depend  
I know in the end  
It's all in His Hands

My broken heart I give to you  
Trusting you'll know what to do  
I know that You heal  
I know that You care  
I know that You hear  
I know that You're there  
Incline Thee thine ear  
Oh, Lord and hear  
My liquid prayer

Tears of sorrow, tears of joy  
Desperation's final ploy  
We labor in vain  
In penitent pain  
Compassion like rain  
Falling over and over again

My broken heart I give to you  
Trusting you'll know what to do  
I know that You heal  
I know that You care  
I know that You hear  
I know that You're there  
Incline Thee thine ear  
Oh, Lord and hear  
My liquid prayer
