

Wait

Shocking Blue

Wait! I wanna talk to you.
Wait! I can't live without you.
Give me a little chance again,
I'll show you I'm worth to be a woman.

Your heart must stand still in empty place.
I can't believe that you forgot my face.
Oh baby, oh baby,
Please say you still love me.

Wait! I wanna talk to you.
Wait! I can't live without you.

It's so hard when nobody cares
And nobody shares your sorrow afraid.
Oh baby, oh baby,
Please say you still love me.

Your heart must stand still in empty place.
I can't believe that you forgot my face.
Oh baby, oh baby,
Please say you still love me.
