

# Can't Have You

Shola Ama

What makes me feel this way?  
Why are you constantly on my mind  
When I know, I cannot have you?

Why do I have to think  
I need you here with me now?  
I can't go on 'cos I cannot have you

The thought has always crossed my mind  
How it would be, if we tried to talk about me  
Being with you would there be us

And will it be true?  
But I shouldn't even let my mind go that far  
'Cos it's not right

'Cos you have her and she trusts us  
She knows we're friends  
But I love you so much

It might help if I knew  
That I'd find myself with you  
But that's so wrong

I should move on  
It's just not right  
'Cos you're not mine

Boy, you've always been be my side  
A friend of mine for a very long time  
So why can't you see just what it could be?

'Cos I dream about you being with me  
So baby, tell me how you feel inside  
If you want me baby, don't lie

'Cos I dream about us all of the time  
Makes me mad  
'Cos you're not mine
