

Remember Me

Shontelle

Goodnight my love
Your heart beating out
Yearn for your love
My chains are broken
My heart is so wide open
I have fallen in love

Lift me up when your wings grow and you have to fly
Promise you won't ever leave me behind

Take me love, take me love, take me love
And if the road should end would you forsake my love
Will you remember me? Will you remember me?
Will you remember my love?

We're young my love
The past is left behind
And I still find myself in love
Tell me I'm not alone
Tell me you're coming home
Cause we have fallen in love

Lift me up when your wings grow and you have to fly
Promise you won't ever leave me behind

Take me love, take me love, take me love
And if the road should end would you forsake my love
Will you remember me? Will you remember me?
Will you remember my love?

Remember, remember, remember
January 'til December, I will love you forever
Until the end of never, I will love you forever
And no matter, whatever, I will love you forever

Take me love, take me love, take me love
And if the road should end would you forsake my love
Will you remember me? Will you remember me?
Will you remember my love?
