Shoreline Mafia

She need a mans, I need a kickstand
She wanna hold hands, but I wanna hold bands
She got a man, I don't give a damn
I'm juggin' finessin', it's whatever for bands
She need a mans, I need a kickstand
She wanna hold hands, but I wanna hold bands
She got a man, I don't give a damn
I'm juggin' finessin', it's whatever for bands

She need a ring, but I need some pink
She want a molly, I need a geek
Hundred band jugg, did that in a week
I need the bitch, I need her with me
I pour out the pint, I did that all week
She sniffin' the white right off of the sink
He callin' her phone, she don't want to speak
He know she with me, he don't wanna tweak
She favorited tweets so we had to meet
I put her on molly, we fucked for a week
She got a man but that nigga week
You keepin' a bitch that don't want to keep
I keep it a G, I keep it a hundred
My niggas is gunners, that bitch I don't want her
I'm hot like a sauna, its Gucci Madonna
It's old like Madonna, I keep me a runner
They fuck when I wanna, they do what I say
I'm gettin' this pay, I do every day
I'm gettin' this pay, I do every day
I'm gettin' this pay, I do every day, every day, every day
