

Wake Me Up In Traffic

Shoreline Mafia

Oh, fell asleep at the wheel
03
Wake me up in traffic
Ooh, yeah yeah
Wake me up in traffic
03

Wake me up in traffic, fell asleep at the wheel
Lately I been trappin', kush lean and the pills
Wake me up in traffic, ooh
Wake me up in traffic, ooh
Wake me up in traffic, fell asleep at the wheel
Lately I been trappin', kush lean and the pills
Wake me up in traffic, 03
Wake me up in traffic

Sleep walkin', sleep talkin'
My other side bitch bringin' me Hawkins
She's creepin', she's my secret
Still can't trust her to keep my secret
So when I got her in her Vickies I don't feel at all
Popped a pill then I popped another ceiling off
Keep her clothes on just so she can turn her feelings off
So lit, fuck around and burn the ceiling off
I'm going up in the hood function
She wanna fuck with a nigga hustling
I'm at the store with another onion
No Halloween but she got a pumpkin
And I got my mask and my glove
Dead presidents, chase a bank, do some drugs
Every day I repent but I keep fucking up
Only my God can judge me, too rich for a judge
Ooh, I don't give a fuck
Ooh, unless I get paid I don't go to clubs, ooh
We hopped out with drums and she knew what was up

Wake me up in traffic, fell asleep at the wheel
Lately I been trappin', kush lean and the pills
Wake me up in traffic, ooh
Wake me up in traffic, ooh
Wake me up in traffic, fell asleep at the wheel
Lately I been trappin', kush lean and the pills
Wake me up in traffic, yeah
Wake me up in traffic, yeah

Wake me up in traffic, scratch that, bitch I'm off three pills
Off mud with my thugs, I'ma crash it
Damn, i should've tucked these seals
I ain't friends, I ain't kins with these rappers
Shit, 'cause these niggas might tell
I was told I'm a dog to these hoes
Shit, don't we all go to heaven?
I ain't wifing, I ain't cuffin' on nothing?
Maylene and me battling for custody
I was with ling ling tryna bust 'em
Man down on the scene, it was nothing

Wake me up in traffic, fell asleep at the wheel
Lately I been trappin', kush lean and the pills
Wake me up in traffic, ooh
Wake me up in traffic, ooh
Wake me up in traffic, fell asleep at the wheel
Lately I been trappin', kush lean and the pills
Wake me up in traffic, yeah
Wake me up in traffic, yeah
