

# Gravity

## Short Stack

I want you to swim  
So, deep within the waves upon my skin  
And now that you're with him, it leaves me breathless  
But now that you're with him well I just can't, let you go

'Cause loving you is like fighting

Gravity

Oh, let your love wash over me  
I'm not the boy I used to be  
I'm not the man I wanna be  
I'm just a fighter  
All I wanna do is lie here  
And all I wanna do is try again  
And all I wanna do is love you  
And all I wanna do is die alone with you

To die alone with you

I want you to stay where  
Loneliness could swallow us for days  
Here with me  
And I believe

'Cause we got our hoodies on  
So far from home  
And I know we can't make this on our own  
But I can't take my eyes off of you

It's like I'm fighting this

Gravity

Oh, let your love wash over me  
I'm not the boy I used to be  
I'm not the man I wanna be  
I'm just a fighter  
All I wanna do is lie here  
And all I wanna do is try again  
And all I wanna do is love you  
And all I wanna do is die alone with you

To die alone with you  
To die alone with you  
To die alone with you

'Cause we got our hoodies on  
So far from home  
And I know we can't make this on our own  
But I can't take my eyes off of you

It's like I'm fighting this

Gravity

Oh, let your love wash over me  
I'm not the boy I used to be  
I'm not the man I wanna be  
I'm just a fighter

All I wanna do is lie here  
And all I wanna do is try again  
And all I wanna do is love you  
And all I wanna do is die alone with you

To die alone with you

We got our hoodies on  
So far from home  
And I know we can't make it on our own  
But I can't take my eyes off of you...
