I Don't Wanna Get Better

Short Stack

I love you from the inside out
Cause of all the things you do
And it fills my lungs with doubt
So I'm coming clean to you

And these words were never spoken
Cause you heard them all before
Oh, Lately I can't do this anymore
No, no more.

But tonight,
I'mma love you forever
Baby just the way you are (You are)
Yeah tonight,
Well you said you'd fix me,
But I don't wanna get better
I don't wanna get better
No I don't wanna get better

Yell, you scream, you shout
Tell them I'm telling you the truth
You kick me when I'm down
But I'm always there for you

Oh, I know I'm far from perfect
But I'm perfect far from you
All I've been thinking
I can't do this anymore

But tonight,
I'mma love you forever
Baby just the way you are (You are)
Yeah tonight,
Well you said you'd fix me,
But I don't wanna get better
I don't wanna get better
I don't wanna get better

I don't wanna get better
I don't wanna get better
I'mma love you forever
But I don't wanna get better
(No, no, no!)

But tonight, I'mma love you forever
Baby just the way you are (You are)
Yeah tonight, well you said you'd fix me
But I don't wanna get better
I don't wanna get better
I don't wanna get better

I don't wanna get better
I don't wanna get better
I'mma love you forever
But I don't wanna get better
(But I don't wanna get better)
I don't wanna get better

(I don't wanna get better)
I don't wanna get better
I'mma love you forever
Yeah I'm fine the way I am
But I don't wanna get better
(But I don't wanna get better)

And this is falling apart
Cause there's no easy way out
I said it straight from the heart, the heart, the heart!
