## Short Stack

We both know how this one ends  
I disregard the consequence then let you in  
Devil in my bloodstream but I'm paper thin  
I know this will destroy us when I breathe you in  
But I breathe you in yeah

And on the surface there's that look in you're eye  
I don't deserve this but I earned this with a four letter lie  
And he won't see me but the jealousy might eat him alive  
So pick your poison

But I don't give a fuck about your boyfriend  
He won't ever love you like I love you, like I love you, honey  
Boyfriend  
He won't ever love you like I love you, like I love you, honey

Breathe me out, kick it still  
Line me up and sign my will  
Panoramic heartbreak like it's art  
But fuck, it breaks me still

Feels like I can't breathe  
But I won't leave  
You said you're dying with me

And on the surface there's that look in you're eye  
I don't deserve this but I earned this with a four letter lie  
And he won't see me but the jealousy might eat him alive  
So pick your poison

But I don't give a fuck about your boyfriend  
He won't ever love you like I love you, like I love you, honey  
Boyfriend  
He won't ever love you like I love you, like I love you, honey

So now I can't breathe  
I can't leave  
I want you dying with me

Boyfriend  
He won't ever love you like I love you, like I love you, honey

He won't ever love you like I love you, like I love you, honey  
He won't ever love you like I love you, like I love you, honey

And on the surface there's that look in you're eye  
I don't deserve this but I earned this with a four letter lie  
And he won't see me but the jealousy might eat him alive  
So pick your poison

But I don't give a fuck

(Boyfriends)

But I don't give a fuck about your boyfriend  
He won't ever love you like I love you, like I love you, honey  
Boyfriend

He won't ever love you like I love you, like I love you, honey
