

# Love You Like I Used To

Short Stack

Can't get you off my mind  
I come back to you every time  
And now you're at my door  
And I can't do this anymore  
No more

And now it's 2 am  
I caved in and let you in again  
Can't look you in the eye  
But I come back to you every time

But I don't love you like I used to  
Maybe I've got issues  
All of them are you  
And I faked it  
Call you when I'm wasted  
Crawling back to you  
But I don't love you like I used to  
Maybe I've got issues  
All of them are you  
And I faked it  
Call you when I'm wasted  
Crawling back to you

You crash into me  
I miss the electricity  
I hold my breath and try to swim  
But I know I'm sinking  
Put me under I've been thinking why  
Do I come back to you every time

But I don't love you like I used to  
Maybe I've got issues  
All of them are you  
And I faked it  
Call you when I'm wasted  
Crawling back to you

But I don't love you like I used to  
Maybe I've got issues  
All of them are you  
And I faked it  
Call you when I'm wasted  
Crawling back to you

No I don't love you like I used to  
Maybe I've got issues  
All of them are you  
And I faked it  
Call you when I'm wasted  
Crawling back to you

No I don't love you like I used to  
No I don't love you like I used to  
No I don't love you like I used to  
Maybe I've got issues  
All of them are you
