

# No angels

Short Stack

Don't stop baby,  
Tonight;  
Cause you make me feel good,  
Every time;  
Don't stop baby,  
Don't stop tonight

The Chardonnay is igniting  
A demon inside,  
(A demon inside)  
I feel her temperature rising  
She does it just right,  
(She does it just right)

Ooooooooooooh  
She's no angel

I met her under a street light  
My flickering heart,  
(My flickering heart)  
Comprise a love so twisted  
The heavens would part,  
(The heavens would part)

Ooooooooooooh  
She's no angel  
Ooooooooooooh  
But she's just right

When I said;  
Don't stop baby,  
Tonight;  
Cause you make me feel good,  
Every time;  
Don't stop baby,  
Don't stop tonight;  
Yeah;  
Don't stop baby,  
Don't stop tonight

The world's a horrible place  
In a beautiful way,  
(A beautiful way)  
She lives alone in a villa  
So elegantly,  
(So elegantly)

Ooooooooooooh  
She's no angel  
Ooooooooooooh  
But she's just right

When I said;  
Don't stop baby,  
Tonight;  
Cause you make me feel good,  
Every time;

Don't stop baby,  
Don't stop tonight;  
Yeah;  
Don't stop baby,  
Don't stop tonight

Well don't stop tonight;

(Don't stop baby,  
Don't stop, don't stop)  
[x10]

Don't stop baby,  
Don't stop tonight
