

SHORT STACK Planets

Short Stack

I'm reaching out,
I'm reaching out,
I'm reaching out to get to you.

(Yeah!)

Sweet heart,
Here's the sweet part,
It's 5am,
And your lips are still amazing,
But they they can't stop
Me from falling,
Off the rooftop singing -

What planet are you from?
And are all of the lights on?
I don't know how to talk to you.
And where did you come from?
What planet are you on?
I can't believe the things you do.
I'm reaching out (I'm reaching out)
I'm reaching out (I'm reaching out)
I'm reaching out to get to you
I'm reaching out (I'm reaching out)
I'm reaching out (I'm reaching out)
I think I'm on the same planet as you

Stop now,
Here's the break down,
Let's Leave this town,
In the place of ill intentions,
And the cop calls,
Sound the alarms,
But they're too damn late,
Boom boom, baby,
