## Shotgun Messiah

so much for your attitude  
push comes shove, you let me down, yeah  
always had a lot to prove  
always running out of bounds, yeah

I'll take you down

rain  
another rain to wash away this blood  
Cain  
my brother, I always thought you understood  
rain  
another rain to wash away this blood  
rain  
rain  
rain

chew you up and spit you out  
leave you on your goddamn knees, yeah  
four long years of killing drought  
now I'm bringing on the sea, yeah

I'll take you down

rain  
another rain to wash away this blood  
Cain  
my brother, I always thought you understood  
rain  
another rain to wash away this blood  
rain  
rain

rain  
another rain to wash away this blood  
Cain  
my brother, I always thought you understood  
rain  
another rain to wash away this blood  
rain  
rain  
rain

rain  
another rain to wash away this blood  
Cain  
my brother, I always thought you understood  
rain  
another rain to wash away this blood  
rain
