Bring your friends up at the pad and we go
Bumpin' at the party all night (At this party all night, ayy)
Grab a friend and break it down into the beat or to the stereo, high
(To the stereo, to the stereo)

Said if the bitch bad, she can come and fuck with me
I knew 1-2 hoes, but it's up to three
The whole game take notes, Light Yagami, don't bother me
Met her at a Jollibee
When I took her home, she started singin' harmonies
And Kapow walk around like a pharmacy
