

Danny Devito

Shotgun Willy

Don't snort a line, smoke a kilo
After that cash like casino
And it's a wrap like burrito
It's rest in peace Don Vito (Bitch I'm)

Stick to the back on the low I move
Sick with the raps but no achoo
Who want smoke with the whole damn crew?
I do I do I do I do
Wrist don't crack but it's froze like ooh
Coming for yo neck like pew pew pew
Who want smoke with the whole damn crew?
I do I do I do I do

No such thing as friends
I promise that they don't exist (they don't exist)
I got shooters lurking
Choppa might blow you a kiss (might blow you a kiss)
Yellow shorts on me, I'm lookin like I took a piss (like I took a piss)
How I pull up and shorty still wanna have my kids (have my fuckin' kids!)

I just might fuck around and get abducted
Yo bitch she a thot and she look like a muppet
My dick she could suck it
Got bread like a muffin
I'm back on my bullshit to me it is nothing
Rap game Mike Tyson
All it took was one hit
Shorty like how I'm stuntin
She gon' suck on my dick yuh

No such thing as friends
I promise that they don't exist (they don't exist)
I got shooters lurking
Choppa might blow you a kiss (might blow you a kiss)
Yellow shorts on me, I'm lookin like I took a piss (like I took a piss)
How I pull up and shorty still wanna have my kids (have my fuckin' kids!)

Where my funds bitch it's on sight
Fuck that hoe now she my wife

Who want smoke with the whole damn crew?

I occupied my mind, immersing myself in the culture
Taking in the cuisine, but mostly doing cocaine

I feel like Danny Devito
But still look good in a speedo
Pull up like que pasa mijo
She suck my dick like a cheeto
Don't snort a line, snort a kilo
After that cash like casino
This a wrap like burrito
It's rest in piece Don Vito

Bitch I'm
Top ten like watch mojo
Hating on me, you a bozo
Don't want no smoke like the ozone
Iced out feeling like Frozone
Bitch I'm
Top ten like watch mojo
Hating on me, you a bozo
Don't want no smoke like the ozone
Iced out feeling like Frozone
Bitch I'm
Top ten like watch mojo

Don't want no smoke like the ozone
Iced out feeling like Frozone
