

## Respected Man

Shotgun Willy

Man, it's time to wake up, I don't wanna  
'Round about 5 I got dinner with Obama  
'Bout to hit the road, I ain't talkin' 'bout Lana  
Ring-ring, who's that? Oh shit, it's your mama  
Catch me in a suit and a tie throwin' parties at the White House  
Shorty gonna suck big balls like it's Wipeout  
Started in the mornin', gotta do it 'til it's night out  
Craka comin' through, I'm tellin' everybody pipe down

Ayy, you know it's my pet peeve when bitches don't say please  
See, I'm a real nice guy, call me Keanu Reeves  
And they be takin' notes, but got no degree  
You gon' smoke some blunts, I'm gon' plant some trees

Okay now zip it, lock it, put it in your pocket  
How you gon' hate when you're broke? Man, stop it  
Ooh, goddamn, lookin' flyer than a rocket  
Bitch talk shit, get smacked like Bop-It

One, two, ayy, ooh, bitching about the plane food  
Jordan Belfort, I'm 'bout to pop another quaalude  
She don't wanna take one, fuck it, I'ma take two  
Respected in my city, I know everybody hate you

I wake up, do my business  
Like who is this? Well respected man  
I keep a strap in my briefcase  
Just to keep safe 'cause I can  
I wake up, do my business  
Like who is this? Well respected man  
I keep a strap, in my briefcase  
Just to keep safe cause I can

Fuck a day job, bitch, I'm the business  
Pray on the pussy, got God as my witness  
I do blow and I fuck ho's  
'Cause I'm cutthroat, know I keep a stick  
I don't care who the fuck knows  
Listen bucko, suck a dick  
Ayy, ayy, four doors said I'm tryna get my bands up  
Three ho's with me like my middle name was Santa  
I was poppin' bottles at the Copacabana  
Got rich and switched up like I'm Hannah Montana  
Hey, said I'm young, dumb, and classy  
At the trap, get it poppin' like it's acne  
With the boys when I'm whippin' through the backstreet  
Feds on my ass, but they never gonna catch me

I wake up, do my business  
Like who is this? Well respected man  
I keep a strap in my briefcase  
Just to keep safe 'cause I can  
I wake up, do my business  
Like who is this? Well respected man  
I keep a strap, in my briefcase  
Just to keep safe cause I can
