

# Do You Love Me Now

Shovels & Rope

If I saw you now  
Could I look in your eyes  
Do you think of me  
Like I dream of you  
Do you wish you were here  
Like I wish I was with you  
You loved me before  
Do you love me now

Does love ever end  
When two hearts are torn away  
Or does it go on  
And beat strong anyway

You loved me before  
Do you love me now

Come back to me right now  
Come on, come on, come back to me right now  
Right now

Come on, come on, come back to me right now  
Come on, come on, come on

You loved me before  
Do you love me now  
You loved me before  
Do you love me now
