

Te Amo

Shovels & Rope

Te amo
Te amo
Take one last look down the road
Let it go
The story's only half told
The story's only half told
And the frequencies are out of control

Te amo
Te amo
That feeling got stuck
In our throat
And choked us 'til we let go
And choked us 'til we let go
We were just too young to be told

Te amo, te amo
It's like forgiveness is a place that you go
Te amo, te amo
Made the mistake of thinking anyone knows

The story's only half told
The story's only half told
(Te amo, te amo)
In these pictures of an old show
(Te amo, te amo)
Yeah, the story's only half told
(Te amo, te amo)
The story's only half told
(Te amo, te amo)
The story's only half told
