

## Die For The Earth To Live

### Show Me The Body

Friends gone, this is for them  
Block done, this is for that  
Death is coming and this is for the last  
Not because they are good  
But because they were lucky  
Remember that blood is thicker than water  
And that sometimes water can be turned to blood  
If we die together or apart, don't cry  
We gonna see each other again
