

Everything Hate (Here)

Show Me The Body

(Shut up)
I just happen to be here
Like what's fear
Like what dear
Watch your mouth
I shit and I fuck here
Lampshade and some Belvedere
Big ass and some tits here
Hello dear
I'm late dear
Dealing with
These snakes dear
Yeah, everything fake here
Yeah, everything fake here

I just happen to be here
Like what's fear
Like what dear
Watch your mouth
I shit and I fuck here
Lampshade and some Belvedere
Big ass and some tits here
Hello dear
I'm late dear
Dealing with
All these snakes here
Yeah, everything fake here
Yeah, everything hate here
Two shots in the atmosphere
Buck shots if you really care
Buck shots if you really here
If you really here
(My homie called me in the middle of that shit!)
