

## Ever Lovin'

Showaddywaddy

Stay bright, bright as the sun  
Now it's shining for you and for me  
Be right, always yourself  
By my side's where you always will be

Because you're ever lovin', ever lovin'  
No I believe you're ever lovin'  
What's the use of cryin' cheatin'?  
My heart's beating faster, faster, stronger, stronger

Stay bright, bright as the stars  
They tell me I'm a warm gentle glow  
Be sweet, just the way you are  
Baby don't say you love me, I know

Because you're ever lovin', ever lovin'  
Now I believe you're ever lovin'  
What's the use of cryin' cheatin'?  
My heart's beating faster, faster, stronger

You're ever lovin', ooh you are  
Yes you're ever lovin', ooh you are

Stay bright, bright as the sun  
Let it shine right on me  
Let it shine right on me  
Let it shine right on me  
Let it shine right on me

Stay bright, bright as the sun
