

Lucy Jane

Showaddywaddy

I'm out to get you
and I mean mean what I say
Tryin' to take you somewhere someday.
'Cos I'm so so tired of running
I gotta get back, get back
And I think
I'm gonna run out of money before long.

I said
"Oh Lucy Jane, can I see you again?"
"Will you take me back and let me love again?"
"Oh Lucy mine, if you're not not feeling kind
Will you write me now
and let me know just when?"

I'm working so hard
I'm on 25 hours a day
Travellin' all over the country
any way anyway.
'Cos I'm so so tired of running
I gotta get back, get back
And I think
I'm gonna run out of money before long.

I said
"Oh Lucy Jane, can I see you again?"
"Will you take me back and let me love again?"
"Oh Lucy mine, if you're not not feeling kind
Will you write me now
and let me know just when?"

I said
"Oh Lucy Jane, can I see you again?"
"Will you take me back and let me love again?"
"Oh Lucy mine, if you're not not feeling kind
Will you write me now
and let me know just when?
Will you write me now
and let me know just when?
Will you write me now
and let me know just when?"

I'm out to get you
and I mean mean what I say.
I'm out to get you
and I mean mean what I say.
