

## Only Love

Showaddywaddy

Only love can make you high  
Tall as the sky  
When you're in love.  
And only love can make you strong  
Can't do no wrong  
When you're in love.

Only love can make you proud  
You shout out loud  
How good it feels

Only can make you strong  
Can't do no wrong  
When you're in love.

Only love, can make you do  
Those foolish things I did for you

Only love will break your heart  
But that's all part  
Of this thing called love.
