

# Rock N Roll Lady

Showaddywaddy

One, two!  
Three, four!

She likes to take Teddy on down the local jive  
She's been known to set ev'ry man alive  
But it's so hard to get near the love look in her eyes  
But once your there you never want to go

She's a rock 'n' roll lady  
Bells upon her toes  
She's got rings on her fingers  
She can have music  
Wherever she goes  
Wherever she goes  
Wherever she goes

For the price of a ticket at a picture show  
You can hold her hand when the lights are low  
But it's so hard to get near the love look in her eyes  
But once your there you never want to go

She's a rock 'n' roll lady  
Bells upon her toes  
She's got rings on her fingers  
She can have music  
Wherever she goes  
Wherever she goes  
Wherever she goes

She's a rock 'n' roll lady  
Bells upon her toes  
She's got rings on her fingers  
She can have music  
Wherever she goes  
Wherever she goes  
Wherever she goes
