I've seen you passing by my window
I've seen you passing by girl
I know you are not flirting but I show you
I know you, you're playing with my heart

Do you believe the game you play, passed by unnoticed by me
I'm gonna show you little fool, just you wait and see
I've seen you passing by my window
I've seen you passing by girl

Do you believe the game you play, passed by unnoticed by me
I'm gonna show you little fool, just you wait and see
I've seen you passing by my window
I've seen you passing by gir - ir - irl
Passing by gir - ir - irl
Passing by gir - ir - irl
Passing by girl
