Burn

Showtek

Fallin' in
So I'd, I'd never have to start again
Maybe this is not a war you win
And I know that we'll never see an end
Lost it all
You thought this was under your control
Now you see you got too comfortable
Overlook the writing on the wall
And now

You watch it burn
You'll overrun
'Til kingdom come
You will never learn

You watch it burn

Fallin' in
So I'd, I'd never have to start again
Maybe this is not a war you win
And I know that we'll never see an end
And now

You watch it burn
You'll overrun
'Til kingdom come
You will never learn

You watch it burn

You'll overrun
'Til kingdom come
You will never learn

You watch it burn
