

Memories

Showtek

Yeah, we're gonna bring all those memories back

Back-back [?x]

Bring memories

(3x)

We're gonna bring all those memories back (2x)

The power of the moment brings memories back to life

As this night ends you're like a summer bird taking flight

The power of the moment brings that sparkle in your eyes

Like cloudy climes and starry skies

The power of the moment gives you that feeling to move to the track

Yeah, and tonight we're gonna bring all those memories back (2x)
