

If you feel it, oho

Dance for your life, let it move you
Dance for your life, let it groove you
Dance for your life, let it move you
Dance for your life, gotta keep it movin'
Gotta keep it movin'

You right into it, you right into it
I'm right into it, I'm right into you
You right into it, you right into it
I'm right into it, I'm right into you

Put me more in my cans
Ha? OK
Check, check, check
That's better

Dance for your life, let it move you
Dance for your life, let it groove you
Dance for your life, let it move you
Dance for your life, gotta keep it movin'

If you feel it, yeah
If you feel it, yeah
If you feel it

Gotta keep it, gotta keep it...
Gotta keep it movin'

You right into it, you right into it
I'm right into it, I'm right into you
You right into it, you right into it
I'm right into it, I'm right into you

You right into it, you right into it
I'm right into it, I'm right into you
You right into it, you right into it
I'm right into it, I'm right into you

I'm turned up
Do that again
