

The Weekend

Showtek

We party on a Tuesday, it's alright
We party like it's Friday, ride or die
Cause every day is the weekend
Every day is the weekend

A little bit of misfit sauce, eh
Got me feelin' like Rick Ross, yeah
Walk up in the club I'm a boss, yeah
Puttin' all cap on pause, eh

Got so much drip on me
I swear this weekend I'll make every girl wanna kiss on me
They hit my DM's and tell me their history
Can't go a day without saying they missing me, so

Let me see you 1, 2 work
Roll up under that skirt
Take it off, say less
Hands in the air, shorty bubble at best

Yeah 1, 2, I said 1, 2 work
Roll up under that skirt
Pop it out, get loud
Let me see you scream and shout

We party on a Tuesday, it's alright
We party like it's Friday, ride or die
Cause every day is the weekend
Every day is the weekend

I be a bunch of y'all's goals
I turn the radio on and I swear I be hearing my flows
Crashing this party with Showtek
I brought me some Anna-Nicoles

Chilly, my neck is on froze
While we ghost rocking the rolls
Tuesday we're ready to blow
One hundred K for the show
Animal love, with the flow let's go like

Let me see you 1, 2 work
Roll up under that skirt
Take it off, say less
Hands in the air, shorty bubble at best

Yeah 1, 2, I said 1, 2 work
Roll up under that skirt
Pop it out, get loud
Let me see you scream and shout

We party on a Tuesday, it's all right
We party like it's Friday, ride or die
Cause every day is the weekend
Every day is the weekend
