

Libertad

Shrezzers

Hearts beating
We're just rushing in
Air's so thin
Caress your skin

Hearts beating
We're just rushing in
Wrapped in fear
Deep

I was scared to say out loud
My body hit the ground
Around there's no one out there

Are you ready for a round
Too lost and now I'm found
Will you ever give me a break

It haunts
It burns
The storm is coming

I want
It all
You don't even know me

I'm falling into you
Healing all again
More than this you know
Ya no puedo callar lo mucho que siento

Falling into you
Healing all again
More than this you know
Libertad, tu lealtad
Tu eres mi aliento

Far above the clouds the line
Mirroring an outline
A constant pattern of
Is this the feeling of love

Stop just break me down and build up
In perfect timing
Starlight shinning
In and out hold me down

Is this the feeling of now
Is this the feeling of now
You let me breath
Yeah, you remind me of
Is this the feeling I know
Take it slow, take me home
I this the feeling I know

I'm falling into you
Healing all again

More than this you know
Ya no puedo callar lo mucho que siento

Falling into you
Healing all again
More than this you know
Libertad, tu lealtad
Tu eres mi aliento

Hearts beating
We're just rushing in
Air's so thin
Caress your skin

Hearts beating
We're just rushing in
Wrapped in fear
Deep
