

Burning a lie through makes me
Just stay away, we
Slow us down
No more crave from you

It's bigger than us, you told me
Then stay away
Trying to not feel gray, it's okay
I will be up for you

By the end of the night, you'll go
Will say you tied me up?
By the end of the night, you'll go
We'll be in touch
'Cause you're all that saves me

And I
Never meant this feelings
Never meant this goodbye
Never meant your breathing to become
My one more night
Never mind, heart's beating
Just one more time
Our time's out, we're to lose it
To lose it, oh, oh

I'm not in this for all to end
I'm not the one who'll take the blame
Wake up, I'm leaning at you
Baby, wake up, I'm dealing with you now

Fear is now back
And I don't know where to go

We'll be okay
I'll take your heart
We'll be okay
Let's say I'm like no other
One who you've met
To rock me, understand me, you love
You saved me, you're my comeback

By the end of the night, you'll go
Will say you tied me up?
By the end of the night, you'll go
We'll be in touch
'Cause you're all that saves me

And I
Never meant this feelings
Never meant this goodbye
Never meant your breathing to become
My one more night
Never mind, heart's beating
Just one more time
Our time's out, we're to lose it

It's a bitter life
We need bigger knives
Play me
Keep me up all night

Take
My everything
Without hypocrisy
Stack up
Things that you adore

It can't excite you anymore
It can't excite you anymore
Spit it out
With no remorse
You never change
You never change
But there's no time to give up
Let your mind outside

And I
Never meant this feelings
Never meant this goodbye
Never meant your breathing to become
My one more night
Never mind, heart's beating
Just one more time
Our time's out, we're to lose it
