

## Spotlight

Shrezzers

Woo!

(Get up, get up)

I know what you need  
I know, I know, I know, yeah  
You wonder how I feel without you here  
Maybe you wonder, just, baby, don't lose it...

Let's find the way  
I've never feel this way  
Make it worth it  
Just let me feel okay  
Breaking through this  
Just listen to what I say  
Allow the fellow word

Don't lose your mind  
It's just a matter of perfection  
Love is life if your mind's of pure intention  
Just work your heart  
And your soul glows as bright as the night sky (Night sky)  
It's just a matter of finding your wings to fly

Let's find the way  
I've never feel this way  
Make it worth it  
Just let me feel okay  
Breaking through this  
Just listen to what I say  
The edge of the world

Don't lose your mind  
It's just a matter of perfection  
Love is life if your mind's of pure intention  
Just work your heart  
And your soul glows as bright as the night sky (Night sky)  
It's just a matter of finding your wings to fly  
To the edge of the the world (To the edge of the world)
