

Giving up, giving up
It's not the way we move
Locking up, locking up
Tonight will be a proof
Scream and shout, raise the roof
Don't stop until the night will end
Just please never glance back

Don't waste your time
Don't be afraid to lose
Just be your self, never regret
We are the reason of all this mess
Lets bring the past, forever young

You know the feelings returning (Oh)
And all the fire is burning (Oh)
I can't leave you here, just trust me, baby
Just trust me, baby, just don't worry

From tonight, life life the way you want
From tonight don't be afraid of light
From tonight, life life the way you want
From tonight don't be afraid of light

Giving up, giving up
It's not the way we move
Locking up, locking up
Tonight will be a proof
Scream and shout, raise the roof
Don't stop until the night will end
Just please never glance back

On va danser, on va crier
On va s'aimer, baby
(Whoa, whoa)
Everything I do everything I say (Whoa)
No matter what, we'll never part (Whoa)
(Whoa, whoa)
(Whoa, whoa)

Giving up, giving up
It's not the way we move
Locking up, locking up
Tonight will be a proof
Scream and shout, raise the roof
Don't stop until the night will end
Just please never glance back

I'll be waiting (I'll be waiting)
For the moment (For the moment, for the moment)
I'll be waiting (Woo, I'll be waiting)
For the moment (For this moment, for this moment)
