

Feverish Hands

Shriekback

Girls together serenading monsters
Quietly seething
Who will soothe these feverish hands...
These feverish hands?
Slow and strong like the weather underwater
Solidly impacted
Can you trust these feverish hands...
These feverish hands?

All white with motion
Hold tight the guru cannot stand
This blind devotion
(The whores and little horses
Make a ludicrous design)
These feverish hands
These feverish hands

Hearts and mustard thick as anaglypta
All Cro-Magnon - bloody waste of skin
These feverish hands... such feverish hands
Nightboys stumbling
Never out of work
With no imagination
All their use is
Feverish hands... such feverish hands
Girls together serenading monsters
Quietly seething
Who will soothe these feverish hands...
These feverish hands?

All white with motion
Hold tight the guru cannot stand
This blind devotion
(The whores and little horses
Make a ludicrous design)
These feverish hands
These feverish hands

Hearts and mustard thick as anaglypta
All Cro-Magnon - bloody waste of skin
These feverish hands... such feverish hands
Nightboys stumbling
Never out of work
With no imagination
All their use is
Feverish hands... such feverish hands

I'm making it worse by helping:
Shaking out her knickers
Trying to get around
these feverish hands... these feverish hands
Slow and strong like the weather underwater
Solidly impacted
Can you trust these feverish hands...
These feverish hands?

All white with motion

Hold tight the guru cannot stand
This blind devotion
(The whores and little horses
Make a ludicrous design)
These feverish hands
These feverish hands
These feverish hands, feverish hands, feverish hands
