

How Many More Lives?

Shungudzo

One more mother lost her child
One more body in the street
One more officer on trial
One more officer is free

How many more lives?
How many more taken?
Until we get right
I know that you see them
How many more lives?
How many more taken?
Until we get right
I know that you see them

One more young man, twenty years, oh
(One is too many more, one is too many more)
One more judge put him away
(One is too many more, one is too many more)
One more mother is in tears (One more mother is in tears)
One more weed shop in LA (One more weed shop in LA)

How many more lives?
How many more taken?
Until we get right
I know that you see them
How many more lives?
How many more taken?
Until we get right
I know that you see them
