

Paper

Shungudzo

I don't wanna stress about the small things
Empty conversation when the phone rings
Baby, lately, I'm makin' some changes
I been given one too many chances
I don't wanna take 'em all for granted
Baby, lately, I'm makin' some changes

Tryna get to a place
We got lost on the way
Chasin' heartbreak and fame, uh huh
Party girls in LA
We been fucked up for days
Chasin' heartbreak and fame, uh huh

Paper, paper
I keep chasin' paper
Paper, paper
Is there somethin' greater?
I don't wanna sell my soul
And wake up with no savior
Paper, paper
I keep chasin' paper

I don't wanna stress about the small things
