

I Wanna Be Loved By You

Shura

Don't know why I'm mad at you but I'm mad
Wish I could forgive you but I can't
Tried to put the phone down on me
Then you told me Jesus loved me
And I guess the only thing that's true
I wanna be loved by you
I wanna be loved by you

Gave your money to a man
He'd take photographs of you
And I told you that he was gonna take you for a ride
But you wanted to look nice

And I, I know you're not trying to hurt me
I know you're not trying to hurt me

Don't know why I'm mad at you but I'm mad
Wish I could forgive you but I can't
Tried to put the phone down on me
Then you told me Jesus loved me
And I guess the only thing that's true
I wanna be loved by you
I wanna be loved by you

You sang a famous song to stop me
From my spinning head
And I was singing back to you
La la la la la la
Tried but I forgot the words
There's something in the air tonight

And I, I know you're not trying to hurt me
I know you're not trying to hurt me

Don't know why I'm mad at you but I'm mad
Wish I could forgive you but I can't
Tried to put the phone down on me
Then you told me Jesus loved me
And I guess the only thing that's true
I wanna be loved by you
I wanna be loved by you
I wanna be loved by you
I wanna be loved by you
