

# State Of Mine

SHVPES

I can remember  
I prefer to forget  
I'd rather drown and sink  
Than float in regret  
Circumnavigate the plate  
How did I spend 5 years fishing the bait

Fuck

Is heaven a place or a state of mine  
Can I stand on the gates  
Overtake the line  
Are these demons I face a state of mine  
Do I leave it to fate  
Or get in line

One step in and I'm bleeding it out  
Words fly out without a glimmer of doubt  
Morning sickness; house arrest  
Will you bail me out  
Beg forgiveness

I can remember  
I prefer to forget  
Sit back view the world through a vignette  
Circumnavigate the plate  
How did I spend 5 years fishing the bait

Is heaven a place or a state of mine  
Can I stand on the gates  
Overtake the line  
Are these demons I face a state of mine  
Do I leave it to fate  
Or get in line

Is heaven a place  
Is heaven a place  
Or just a state  
A state of fucking mine

Well I'll leave it up to my demons to define  
Is heaven a place or state of mine

Your ignorance is evident  
Incompetent benevolence  
When sniffing is the precedent  
Just a medicine for the impediment  
Of an arrogance so innocent  
Just your benevolent experiment  
Identity embezzlement  
I'll delegate my temperament  
How could I go wrong

Is heaven a place or a state of mine  
Can I stand on the gates  
Overtake the line  
Are these demons I face a state of mine

Do I leave it to fate  
Or get in line
