

7 Day Weekend

Shwayze

Pass around this drink I'm drinking
Champagne rain falling from the ceiling
It's a straight from the bottle type feeling
My whole life is a seven-day weekend
'Til the sun comes up no sleeping
Roll it up burn it down blue dreaming
Back flip from the roof to the deep end
My whole life is a seven-day weekend

I jumped in the pool
When it was leaking
I tell you what
I don't know what I was thinking
Gotta bad B
She think I'm sleeping
Around but for her I'm being decent

Swear my life is like a seven-day weekend
She said she loved me
Then she looked at my recents
I'm not the type to argue for no reason
I'm blessed like I'm sneezing
I treat every day like the weekend

Pass around this drink I'm drinking
Champagne rain falling from the ceiling
It's a straight from the bottle type feeling
My whole life is a seven-day weekend
'Til the sun comes up no sleeping
Roll it up burn it down blue dreaming
Back flip from the roof to the deep end
My whole life is a seven-day weekend

When you hear this better pop out
Rock out with your cock out
Eventually I'll grow up
But the time to live is right now
The time to live is right now
The time to to live is right now
Eventually I'll grow up
But the time to live is right now

You know that you hot
When they telling you to pipe down
I spit it off the top
'Cause I got no time to write down
She told me that she love me
So I guess I'll miss my flight now
I've been left so many times
Everything just going right now

Pass around this drink I'm drinking
Champagne rain falling from the ceiling
It's a straight from the bottle type feeling
My whole life is a seven-day weekend

Pass around this drink I'm drinking

Champagne rain falling from the ceiling
It's a straight from the bottle type feeling
My whole life is a seven-day weekend
'Til the sun comes up no sleeping
Roll it up burn it down blue dreaming
Back flip from the roof to the deep end
My whole life is a seven-day weekend
