

Beach Boy

Shwayze

(Shway)
2am I pass out
7am I wake
You won't catch me at the surf shop
But I still be making them waves
And your girlfriend she rave
Even though she know I gotta shave
And, I might be a little bit crazy
But that's okay (haha)

I got more dick than Tracey
And more JoJo than Casey
Been with more Katy's than Perry
They on the wee wee like en Pari'
More than one Dad tried to scare me
Cause I got more styles than Harry
I'm from Margaritaville like Jimmy Buffet
But lately I am in the gym like Carrey

Damn, work it out
I'm a beach boy what you nervous bout
This the lifestyle that you heard about
No word of mouth
Just girls gone wild, goddamn
Told her she should dream more
And get specific with the dream board
She pulled up to the black tie
With a tank top and a black guy

She like the beach boys (beach boys)
Roll it, light it, smoke it, its okay
The Cali way
She like the beach boys (beach boys)
She never knew that she could feel this way
B-b-b-each boys, beach boys, beach boys
Wanna lay up on the sand all day
Beach boys, beach boys, beach boys, beach boys
And that's why she feel in love with me (B-b-b-
each boys, beach boys, beach boys)
Cause Ima, Ima, Ima beach boy
Boy. Beach boy, beach boy, beach boy
Wah wah wah wah
Tidal wave

When I was younger I was leaner
I got older, got meaner
Now bitches love my demeanor
So I guess the grass got greener
And I've been searching for the meaning
Found God in some cleavage
She gave me Butthead, no Beavis
I'm a Gemini, two slides like Celtus (damn)
If I told you my life you wouldn't believe it
Future so bright even Stevie could see it
Born real cocky, but never conceded
And if its good pussy, you know Ima eat it
Squirting clear water and that is my credence

Ridin' this wave until I am not breathing
And if there's no waves, then bitch I'm just skiing

Damn, work it out
I'm a beach boy what you nervous bout
This the lifestyle that you heard about
No word of mouth
Just girls gone wild, goddamn
Told her she should dream more
And get specific with the dream board
Pulled up in the Range Rove
Been drunk all week in the sand clothes

She like the beach boys (beach boys)
Roll it, light it, smoke it, its okay
The Cali way
She like the beach boys (beach boys)
She never knew that she could feel this way
B-b-b-each boys, beach boys, beach boys
Wanna lay up on the sand all day
Beach boys, beach boys, beach boys (beach boys)
And that's why she feel in love with me
Cause Ima, Ima, I'm a beach boy

Its Couture boy
Drop it
