

# Champagne Problems

Shwayze

I'm laying here with champagne problems  
Only pretty faces here can solve 'em  
All this beauty but I'm missing someone  
That can drink away these champagne problems  
With me

So many blessings in my life  
So it's hard to complain  
I got problems  
I just wash 'em down with champagne  
I gotta stop myself  
For being so selfish and vain  
When I'm running outta trees  
I wanna just sulk in my pain  
Trying to to spread love  
No it's not all about fame  
She call me Shwayze  
And that's not even my family name  
Wanna have my baby  
But it's up to what my Granny say  
She fell in love  
I broke her heart  
And she ran away

Poor poor poor me  
'Til I pour another one  
What's important to me  
Is just whore to another one  
One man's trash is another man's treasure  
Bad things come and go  
They don't last forever

I'm laying here with champagne problems  
Only pretty faces here can solve 'em  
All this beauty but I'm missing someone  
That can drink away these champagne problems  
With me

So many blessings in my life  
But I'm stressin' the same  
My last post ain't get no likes  
And it's all on my brain  
She unfollowed me  
When she did the walk of shame  
But she always hit me in the summer  
When my songs playing

These are first-world problems  
I'll be the first to admit it  
I been to third-world countries  
I don't think y'all get it  
When I was in the valley  
You ain't pay me no visit  
But when I'm oceanfront  
That's when you gonna tell me you miss it

Poor poor poor me

'Til I pour another one  
What's important to me  
Is just where to another one  
One man's trash is another man's treasure  
Bad things come and go  
They don't last forever

I'm laying here with champagne problems  
Only pretty faces here can solve 'em  
All this beauty but I'm missing someone  
That can drink away these champagne problems  
With me

I'm laying here with champagne problems  
Only pretty faces here can solve 'em  
All this beauty but I'm missing someone  
That can drink away these champagne problems  
With me
