

You know I'm gon' put in work babe, every single day  
Ain't no such thing as perfect, til I looked inside your gaze  
If you're ever to fall down, you know who to call now, even if I'm not okay  
And if you're ever to move on, and started a new song  
I know I'm still inside your veins

What we had was rehab for my brain  
What we had was the half of the pain  
They all want to talk now, like they know it all  
(How?)  
Could they know a thing

I don't know! What it is about we, we, we, we  
Making love to the sound of the waves in the back of my jeep, jeep, jeep, jeep  
Looking up at the sun do  
Like yo, ray, me, me, me, me  
I ain't cheap, I'm just broke but the best things are always free, free, free, free (yeah)  
I don't know! (I don't know)  
What it is about -

Drinks when the sunrise  
California sunshine  
She a smart girl, but she in love with my dumb rhymes  
Make love, tub time, take drugs sometimes  
In the lab only time I don't take a lunchtime  
Broke up, we made up, I went out, you stayed up  
If love costs, we paid up, we got drunk to say stuff  
Sober up and take it back, I didn't say that  
Yes you did, listen to the playback

What we had was rehab for my brain (but)  
What we had was the half of the pain  
They all want to talk now, like they know it all  
(How?)  
Could they know a thing

I don't know! What it is about we, we, we, we  
Making love to the sound of the waves in the back of my jeep, jeep, jeep, jeep  
Looking up at the sun do  
Like yo, ray, me, me, me, me  
I ain't cheap, I'm just broke but the best things are always free, free, free, free

I don't know! What it is about you and me, me, me, me  
Making love to the sound of the waves in the back of my jeep, jeep, jeep, jeep  
Looking up at the sun do  
Like yo, ray, me, me, me, me

I ain't cheap, I'm just broke but the best things are always free, fr  
ee, free, free  
I don't know!  
What is it about you and me
