

# Kick Back

Shwayze

I only wanna party with you  
Somewhere out in Malibu  
I'll pick up a bottle of booze  
Bring all your girls  
I'll bring my boys too

Who am kidding? I'm still not over you  
Summer times ending, I got nothing to do  
Looking at a photo when our love was still new  
We had nothing to prove  
Makin' love til' noon

Pointless parties drive me crazy  
I'm more on vibing lately  
Psilocybin mind go crazy  
You should come to my house baby  
Now please don't get the wrong idea  
Let's do afters at my place  
And get the fuck outta here

(Kick back)

I only wanna party with you  
(At the kick back)  
Somewhere out in Malibu  
(Kick back)  
I'll pick up a bottle of booze  
Bring all your girls  
I'll bring my boys too

(Kick back)

I only wanna party with you  
(At the kick back)  
Somewhere out in Malibu  
(Kick back)  
I'll pick up a bottle of booze  
Bring all your girls  
I'll bring my boys too

It's not complicated  
I just want conversation  
On a permanent Shwaycation  
Show me what's on your playlist  
OutKast, Zeppelin...  
I know she playin' when she sayin' Shway her favorite

Pointless parties drive me crazy  
I'm more on vibing lately  
Psilocybin mind go crazy  
You should come to my house baby  
Now please don't get the wrong idea  
Let's do afters at my place  
And get the fuck outta here

(Kick back)

I only wanna party with you  
(At the kick back)  
Somewhere out in Malibu

(Kick back)  
I'll pick up a bottle of booze  
Bring all your girls  
I'll bring my boys too
