Well I was walking through mcarthur park  
Lookin for some sugar just to cure my heart and after dark I'd talked to the  
cabby cause he  
Drives me home if I call him daddy and its alright just as long as I can get  
high sit back and  
Watch the sunset in the sky I dont know if you know what I mean but its love  
in los angeles

Now everybody clap your hands  
We gonna do the dirty dance  
Now everybody stomp your feet  
To the beat

We just want to get our kicks for free  
We just want to get our kicks for free  
We just want to get our kicks for free

I dont know if you know what I mean but its love in los angeles
