

Wasted Sunset

Shwayze

Wasting all my time with you
Nothing that I'd rather do

Ey
On her list I'm at the tippy top
She like hippy hop
And how I mix it up
With a little rock
When she heard my reggae music
She made it pop
And she ain't even trip
When I had to walk
So I hit her back up
In no time at all
Don't need no Adderall
Babe, let's get involved
Now I'm picking up my phone
Every time she call
I really like this girl
And it ain't the alcohol

Wasting all my time with you
(Waste my time with you)
There's nothing that I'd rather do
(Waste my time with you)
Wasted sunset point of view
(Sunset point of view)
Wasting all my time with you
(Waste my time with you)

Wasted at the sunset
We should get some rest
But I'm buzzed
And you're body banging like a drum set
Not a tequila girl
So we sipping rum then
The life they dream of
We do for fun

Don't take for granted
The fact that our prayers are answered
Or give all our cash to exotic dancers
Nothing's promised
So we taking chances
'Cause you never know when your final dance is

Wasting all my time with you
(Waste my time with you)
There's nothing that I'd rather do
(Waste my time with you)
Wasted sunset point of view
(Sunset point of view)
Wasting all my time with you
(Waste my time with you)

I got no problems
Wasting my time

As long as it's with you, darling
I got no problems
She came and solved them
(Like it was just yesterday)

I got no problems
Wasting my time
As long as it's with you, darling
I got no problems
She came and solved them
(Like it was just yesterday)

Wasting all my time with you
(Waste my time with you)
There's nothing that I'd rather do
(Waste my time with you)
Wasted sunset point of view
(Sunset point of view)
Wasting all my time with you
(Waste my time with you)

Wasting all my time with you
Waste my time, my time
Waste my time, my time
Sunset point of, point of view
Waste my time, my time

Wasting all my time with you
Yeah
Nothing that I'd rather do
