

Good Love

Shy Carter

If I was on the street with no love
I know you would put some change in my cup (Uh)
If I was down on my luck (Uh)
You would pick me up

If ever I would breathe my last breath
I know you would put your hands on my chest
Sing to me and say, "God bless"
You would lift me up

(Oh-oh, oh-oh)
When I feel like I'm dying
(Oh-oh, oh-oh)

You come around with that good love
Good love, good love
Make me feel like it's alright
Make me believe in this good life
Yeah, you pick me up
Good love, good love, good love
When I feel like I'm dying
You give me strength, help me find it
Yeah, that good, good love

Never have to doubt your faith
When I'm on my knees, you pray
When I'm broke, you don't break
You say, "You can make it"
You sure know how to save me, baby

(Oh-oh, oh-oh) Woo!
Oh, when I feel like I'm drowning
(Oh-oh, oh-oh)

You come around with that good love
Good love, good love
Make me feel like it's alright
Make me believe in this good life
Yeah, you pick me up
Good love, good love, good love
When I feel like I'm dying
You give me strength, help me find it
Yeah, that good, good love

And I can't thank you enough
For bringing me back to life

Woo! Yeah!
And you make me feel like it's alright
Yeah, that good, good love
Good love, good love, good love
When I feel like I'm dying
You give me strength, help me find it (Woo!)
Yeah that good, good love, whoa! (Good love, good love, good love, good love)
Good, good love, yeah
