

First time I laid my eyes  
On that pretty reckless smile  
You got me just thinkin' 'bout  
A house and kids and a yard  
And oh girl, you stopped me in my boots  
Maybe plant these roots  
A lot of things are settled down  
But girl, not me and you

It's been a long and windy road  
These hearts have travelled  
And Lord is tryin' to tame us every mile  
All the kicked that we loved  
We oughta kicked up a little gravel  
Oh yeah, 'cause we're still wild  
Ooh, we're still wild (Wooh)

Wake up Sunday mornin' love  
We're there when church opens up  
It's all smiles and present hugs  
Then we climb back in that old truck  
And when I get you home  
It's you and me alone  
And there ain't nothin' stoppin' us  
From lovin' all day long

It's been a long and windy road  
These hearts have travelled  
And Lord is tryin' to tame us every mile  
All the kicked that we loved  
We oughta kicked up a little gravel  
Oh yeah, 'cause we're still wild  
Ooh, we're still wild (Wooh)

Oh yeah  
Wild, baby

We do a little backseat kissin'  
(Oh) catfish fishin'  
(Mmm-mmm) Bedsheets twistin'  
Uh-huh

It's been a long and windy road  
These hearts have travelled  
And Lord is tryin' to tame us every mile  
All the kicked that we loved  
We oughta kicked up a little gravel  
Oh yeah, 'cause we're still wild  
Ooh, we're still wild (Wooh)
