

Bodyguard

Shy Glizzy

(What up, Foster?)

Ayy

Sometimes, I get by myself and get to overthinkin' shit
Like where my bitch be at whenever we ain't kickin' it?
When niggas can't be the captain, they try to sink the whole ship
Niggas know we ain't cappin', give your ass the whole clip
Know the jackboys, they on it, remember them days I used to rob
That's why I keep me a Glock, treat it like my bodyguard
I WhatsApp all my bitches, yeah, that mean they live too far
Young nigga, I'm in charge, I don't even need no bodyguard

Nigga set up some traps, but I ain't fall for 'em
Ain't gonna hold my bitch [?] if I can't call on her
He claimin' they said so, fuck it, I want all of 'em
Call up my young nigga, he LaMelo Ball on 'em
I was fuckin' a Fashion Nova model, she just rocked the closet
My bitches rock Balenciaga, my bitches like Prada
Killer hit 'em by tomorrow, only cost some dollars
Ain't wanna fuck your bitch, no, I done only got some knowledge
Time to build up the real estate and stop buyin' all these chains
I done took all my pain, yeah, and turned it into champagne
Say Glizzy 'posed to been on top, you know they rigged the game
I wish I could stand on the block all day, but shit just ain't the same

Sometimes, I get by myself and get to overthinkin' shit
Like where my bitch be at whenever we ain't kickin' it?
When niggas can't be the captain, they try to sink the whole ship
Niggas know we ain't cappin', give your ass the whole clip
Know the jackboys, they on it, remember them days I used to rob
That's why I keep me a Glock, treat it like my bodyguard
I WhatsApp all my bitches, yeah, that mean they live too far
Young nigga, I'm in charge, I don't even need no bodyguard

I ain't no Lil Zay, bitch, I'm bouncin' back one thousand
It was blood shed 'bout that lil' chain, but I ain't gon' talk about it
I'm a devil, but she godly, I'm a rebel just like Rowdy
Ain't no limit to this GG shit, lil' bitch, we 'bout it, 'bout it
Every time you see me, it's a new car or new watch
Every time I roll a Backwood, I start thinkin' 'bout my opps
When you think of my hood, just picture it just Tupac
Bitch, my name is Glizzy, picture me without a Glock
I just got a 40, I ain't get no four-point-oh
And a wise man once said, "Ain't what you know, it's who you know"
Mi casa not su casa, had to close that back door
It's time that I stop fearin' people takin' they plate to go

Sometimes, I get by myself and get to overthinkin' shit
Like where my bitch be at whenever we ain't kickin' it?
When niggas can't be the captain, they try to sink the whole ship
Niggas know we ain't cappin', give your ass the whole clip
Know the jackboys, they on it, remember them days I used to rob
That's why I keep me a Glock, treat it like my bodyguard
