

# Get Away

Shy Glizzy

Young Jefe holmes  
Get away  
Pussy, money, weed  
GG lifestyle  
Forever ever

I wanted too much shit, my mama told me get away  
I had to hit a lick, you know I had to get away  
My gun got two clips but yeah this bitch a throwaway  
I just got a new bitch, my old one still be in the way  
Get away, get away  
Sorry I ain't tryna argue, no bitch I'ma get away  
Get away, get away  
I just got a new chopper, that bitch make you get away

Yeah it's 'bout one in the morning and a nigga catching plays  
Don't turn in my condo and this shit look like a maze  
Summer time coming, niggas gotta get a Wraith  
And if you owe me money they might find you in the lake  
Them Glizzys pull up with them, ask you open up your safe  
I swear behind this shit, I'm down with GG 'til I'm gray  
Meet me at the big house, baby put that shit in waste  
We gon' work this shit out, I'm gon' watch that ass for days  
I wake up, fuck my bitch, then I go out and get paid  
Hundred round drum, I bet this bitch knock off your fade  
Every million that I get then all my niggas get a raise  
Why you salty lil bitch, that could've been us but you played

I wanted too much shit, my mama told me get away  
I had to hit a lick, you know I had to get away  
My gun got two clips but yeah this bitch a throwaway  
I just got a new bitch, my old one still be in the way  
Get away, get away  
Sorry I ain't tryna argue, no bitch I'ma get away  
Get away, get away  
I just got a new chopper, that bitch make you get away

Half a million worth of shining, bitch I look like the boat  
I remember hard times, I had to cut up some soap  
You couldn't be there for you bro 'cause you was playin' with your ho  
Let's say a prayer for my son, that's who I do this shit for  
All she need is a real nigga to put her in her place  
Baby I'm a robber, can you be my get away?  
First time I ever met her swear you should've seen her face  
She was swaggin' in her lab and I was trappin' out my yay  
Quarter brick, half a brick, I was choppin' out my way  
Know some niggas filthy rich and they be trappin' in the Bay  
Got this one bitch bad as shit, that thing be clappin' when I slay  
Man these niggas fake as shit so I don't dap 'em to say hey

I wanted too much shit, my mama told me get away  
I had to hit a lick, you know I had to get away  
My gun got two clips but yeah this bitch a throwaway  
I just got a new bitch, my old one still be in the way  
Get away, get away  
Sorry I ain't tryna argue, no bitch I'ma get away  
Get away, get away

I just got a new chopper, that bitch make you get away
